

## **RECOMMENDATIONS FOR CLUB DIGITAL PROJECTED IMAGE COMPETITIONS**

### **CLUB PROCEDURES**

- Clubs may use any competition format they wish
- Images must be submitted for the CACCA DPI competition as detailed in the COMPETITION RULES
- Appendix 2, *Software Instructions*, contains instructions for the use of the DPI competition software

### **RECOMMENDATIONS**

- Clubs use calibrated and profiled projectors with emphasis on color and luminance
- Individuals use calibrated and profiled monitors for image preparation
- Images are to be saved in sRGB color space since this more closely matches most projectors color space
